

38L34-2039CB-5-Rev. 5/05 (PNT 11/05)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **FOR USE IN** Food service and preparation areas, food processing plants, restaurants, clubs, stores, supermarkets, bottling plants, warehouses, buildings, factories, offices, laboratories, lavatories, ships, planes, hotels, motels, hospitals, nursing homes, schools, day-care centers, funeral homes, kennels, farms, barns, dairies, milk and egg handling areas of dairies and chicken houses.

This product is engineered to use in automatic metered dispensers. The dispenser automatically actuates the special metered valve every fifteen minutes. Within 24 hours the area is relatively free of flies, mosquitoes, gnats, and small flying moths and with continued use reduces annoyance from them. Effectiveness of this product will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hours; but if less than 24 hour use is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature all affect insect activity and control. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at place of usage. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

It is suggested that the container be changed once a month.

OPERATION: Remove protective cap from top of can and insert can in dispenser. Suspend dispenser 7 feet from the floor and at a point where wind flow will carry the particles throughout the room.

Authorized for use under USDA Inspection and Grading Programs.

Part No.34-2039CB

Manufactured by

CB FLYING INSECT

clean Air™ Purge®
L A S T S 3 0 D A Y S

KILLS: Flies, Mosquitoes, Gnats and Small Flying Moths,

ACTIVE INGREDIENTS:

Pyrethrins.....	1.76%
*Piperonyl Butoxide, technical.....	5.00%
INERT INGREDIENTS.....	93.24%
	100.00%

*Equivalent to 4.00% (butylcarbityl) (6-propylpiperonyl) ether and 1.0% of related compounds

Contains Petroleum Distillates
Contains no CFCs or other Ozone Depleting Substances.
Federal regulations prohibit CFC propellants in aerosols.

KEEP OUT OF REACH OF CHILDREN
CAUTION

See Back Panel for Additional Precautionary Statements.

EPA Reg No. 9444-137
EPA Est. No. 9444-LA-1

NET WEIGHT 7.3 oz / 206.9 g

PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals
CAUTION

Do not use in nurseries or rooms where infants, ill or aged people are confined. Use 12 feet or more from exposed food or food handling or dispensing surfaces.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

FIRST AID

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **HOT LINE NUMBER** – Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call (985) 878-6751, Monday through Friday, 8:00 am to 4:30 pm CST. After 4:30pm call your poison control center. For product information call (203) 597-1812, Monday-Friday, 8:00 am to 5:00 pm EST. **NOTE TO PHYSICIAN** – Contains petroleum distillate – vomiting may cause aspiration pneumonia.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Do not store near heat or open flame. Store in cool dry area away from children.

DISPOSAL: Do not Puncture or Incinerate! **If Empty:** Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
